"LOVE, LAUGHTER AND SONG."

Governor Bob Taylor's Masterly Lecture Last Night.

Last night at fifteen minutes till 9 o'clock a vast audience of as intelligent people as ever assembled in the Academy of Music here, sat waiting for the rise of the curtain. Immediately it rose and with it almost Mayor Z. V. Taylor, who stepped forward and in a few happy words introduced Governor Robert L. Taylor.

For an hour and fifteen minutes Gov. Taylor held the riveted gaze of the audience,—their feelings in his hands, their souls charmed by eloquence and pathos and side-splitting humor. Throwing himself into a careless attitude, the speaker indulged in no dry prelude—he immediately began to sound the depths and warm the innermost caverns of the coldest soul in the house. The "love, laughter and song" of his own life was quickly imparted to his hearers. He swept all the cords of the human heart with philosophers' truths and poets' dreams of beauty, of flowers and of song. Nobody heard the lecture, who was not wholly lost to the beauty and happiness of this life, but was benefitted and received an inspiration to live in a higher, nobler atmosphere the rest of his days. Suddenly shifting from a train of sublime thought called up by a somber proposition, the taste was delighted by a quick, ridiculous phrase, or a droll Kentucky joke—and the tear of sorrow or pity came out glistening with uncontrollable mirth. He was master of his hearers' feelings and their hearts.

His tales of Kentucky ante-bellum days, the reminiscences of the old plantation darkey, etc., were delightful. In a word, the whole lecture from its beginning to its end scintillated with life—serious and gay, sad, ridiculous, pathetic and sublime. Truly his burden was "love, laughter and song."

No such treat has been afforded this city in many a day, and if ever the author of "the animal's convention" shall wend his footsteps this way again he will receive a warm welcome.

A BRILLIANT WEDDING.

The event of yesterday was the marriage of Mr. R. T. Pickens, of Lexington to Miss Blanche Armfield, of this city, which occurred at the home of the bride at Saponah Side at six o'clock p. m. The decorations for the occasion were beautiful—appropriately selected and artistically arranged. Promptly at the hour appointed, by the delicate touch of Miss Blanche Wood, of Asheboro, the organ breathed forth the bride's favorite march—Mendelsohn's. First in answer to the beautiful music was the appearance of the ushers Messrs. Frank and Jesse Armfield, brothers of the bride. Following them were the waiters, Mr W. J. Armfield, Jr., and Miss Sallie Millis; E. M. Armfield and Miss Anna Burton. Immediately thereafter followed the groom supported by Mr. J. R. McCrary, of Lexington, his best man. Then entered the bride leaning upon the arm of her sister, the bridesmaid, Miss Lucile Armfield. After the meeting of the bride and groom at the hymenial altar they were pronounced man and wife. Rev. J. W. Goodman assisted by Rev Mr. Pickens, officiated. Miss Lucy Ezbelman sang sweetly—"Oh Promise Me."

Miss Armfield is a highly cultured young lady of sweet disposition and numbers her friends by the score. She is the eldest daughter of Mr. and Mrs. Wyatt J. Armfield. Mr. Pickens is a prominent member of the Lexington bar and has a promising future before him.

The happy couple took the 9:13 train for New York, Philadelphia, Baltimore and other points and will be gone about two weeks. Their many friends wish them much happiness and a long and prosperous life.

An elegant supper was served at the home, under the management of Dughi, the ice cream king, of Raleigh. The presents received were numerous, costly and beautiful. Among those who attended from Lexington were Misses Jessie Thompson, Camille Hunt, Alice Shemwell, Clayton and Elna McCrary; Messrs John Lowe, Otis Mendenhall, Z. V. Walser, Editor H. B. Varner, James Adderton and J. R. McCrary, accompanied by Dr. and Mrs. Hill.

Merrimon, the owner, and will assume charge when the building is completed, which will be about February 1st. He will continue the management of the Carrolina also. Mr. Cobb is an experienced hotelist, and we are sure will make a success with this valuable hotel.

Mr. Cobb was in the city this morning, but left at noon for Durham. He will return to Greensboro in a few days.

The work of rebuilding the Benbow is progressing rapidly under the direction of Contractor Longest. The roof has been about completed; is now being slated, and the plasterers are doing some excellent work on the interior. The front walls of the building will be stuccoed, and other attractive improvements made.

THE DEATH OF MR. HOBART

Causes McKinley to Abandon His Nashville Trip.

MR. RICHARDSON OF TENNESSEE

Arrives at Washington—He's a Candidate for the Minority Nomination for the Speakership.

Special to The Telegram.

Washington, Nov. 23—The death of Vice-President Hobart will probably cause President McKinley to abandon his contemplated trip to Nashville, this month, on the occasion of the reception to the Tennessee soldiers, who served in the Philippine war. The president has been desirous of going to Nashville, and promised to do so, if it would not interfere with his being in Washington City on Thanksgiving day, but the death of Mr. Hobart is likely to change all engagements of this nature.

Both the President and Mrs. McKinley have definitely determined to go to Paterson on the occasion of the funeral ceremonies, and they will be accompanied by the members of the cabinet, and chief justice and associate justices of the United States Supreme Court. The party will leave Washington in a special train which has been placed at the disposal of the party by the Pennsylvania Railway Company. The President will probably leave Washington Friday night, arriving at Paterson Saturday morning, the day of the funeral ceremonies. Mrs. McKinley, as stated, will go with the President, as she has been a close friend of Mrs. Hobart during her official residence in Washington.

The death of the vice-president was much regretted in Washington, especially in the senatorial circle, where he was best known. Several southern senators, who are in the city, paid tribute to Mr. Hobart, speaking of him as a man of high integrity. The southern senators, without exception, were all friendly to Mr. Hobart, and regarded him as a man of great personal worth. As a presiding officer of the senate they had learned to respect and honor him as a man and statesman.

In many newspapers it has been stated that upon the convening of the senate it would be necessary for the senate to elect a presiding officer to act as president of the senate. This is an error. Senator Frye, of Maine, was elected president pro tem of the senate at the last session of the senate, and by the rules of the body he now becomes president. The senate, unlike the house of representatives, is a continuous body, and its officers serve until their successors are elected, instead of vacating their offices at the end of each congress. Senator Frye, therefore, will remain president of the senate until a successor is chosen. It is said that shortly after the senate re convenes that he may resign his office as president in order to allow the senate to choose him, or some other senator, if they see fit.

Representative Richardson, of Tennessee, has arrived in Washington for the session of Congress, and has taken apartments at the Metropolitan hotel, which he will maintain as a sort of headquarters for his canvass for the minority nomination for the speakership. Mr. Richardson's rooms have been visited by nearly every democratic representative in the city, who have called either to give him assurances of their support, or to pay their respects. Mr. Richardson has always been one of the most popular southern members in the house of representatives, and the members, whether they intend supporting him as the minority leader of the house or not, are naturally desirous of an opportunity to welcome him back to the national capital.

Mr. Richardson's friends seem to be confident of his election as the minority leader, by the democratic caucus. It is said that he will get six votes from Virginia, and fully one-half the North Carolina delegation. Mr. Richardson's friends believe that he will have a clear majority of the caucus over both DeArmond and Bankhead combined.

Two Men Dead in Bed.

Savannah, Ga., Nov. 22—D. W. Pope, aged 49, a farmer of Scott, Ga., and D. M. Perdue, aged 39, a farmer and merchant of the same place, were asphyxiated by illuminating gas in a boarding house this morning. They were sons of Confederate veterans, and were here to attend the reunion of the order now in progress. They occupied the same room and retired about midnight, locking the door on the inside.

A friend had previously, in a joking manner, but with all serious intention, warned them against blowing out the gas, and the warning, it is said, had been repeated by the housekeeper. Nevertheless, they were found dead in bed this morning with the jet open.

The Eagle Dramatic Club will have a meeting Friday night at Eagle hall. Every member requested to be present promptly at 8 o'clock. By order of

THE DEWEY HOME TRANSFER.

The Deed Transferring the Property to Admiral's Son Duly Recorded

Washington, Nov. 22.—The deed transferring the Dewey home from Admiral and Mrs. Dewey to the Admiral's son George, was recorded in the office of the recorder of deeds today. A life interest in the property is reserved by Admiral Dewey and his wife, in the following provision:

"Subject, however, to this express reservation, that the parties of the first part do hereby expressly reserve to themselves and to each of them during and for the period of their natural lives, respectively, a life interest in and to the premises herein described, which life interest in case of the death of either of the parties is to revert to the other."

The instrument bears date of Nov. 4th, the same date borne by the deed from Admiral Dewey to Lieutenant Crawford and from Lieutenant Crawford to Mrs. Dewey.

An interesting feature in connection with the three Dewey deeds now on file with the recorder of deeds, was noted this afternoon. The first deed filed that by which George Dewey et ux transfers the Rhode Island avenue property to John W. Crawford although dated Nov 14, was not acknowledged before a notary public until the 16th instant.

The second deed by which Crawford transferred the property to Mrs. Dewey, and the third deed recorded today, by which Geo. Dewey and Mrs. Dewey turn over the title to Geo. G. Dewey, were both, according to the dates as set forth in the papers, acknowledged the 14th inst. In other words, it would seem that Crawford transferred the property to Mrs. Dewey, and the latter in turn to Geo. G. Dewey, two days before Admiral Dewey transferred the title to Crawford.

The Lee and Wheeler Movement.

Chicago, Nov. 22—A meeting of the women who wish to honor Major Generals Joseph Wheeler and Fitzhugh Lee was held last evening in the parlors of the Auditorium hotel.

Those interested in the project have organized themselves into an association called the Lee and Wheeler Movement, and have elected as president Mrs. Anne Marie DeBreck and as secretary Mrs. Louise Abbott. Letters have been sent out to the members of congress asking them to use their influence in getting appointments for Wheeler and Fitzhugh Lee as major generals in the regular army.

It is the intention to raise a sufficient fund with which to purchase a gift sword for each of the officers named.

Bishop Horner Misrepresented.

Asheville, Nov 22—Dispatches from Richmond, Va., yesterday stated that Treasurer Meade, of the Monumental church there, has received a letter from Bishop Horner of the missionary jurisdiction of Asheville, in which the bishop told a startling story of the poverty and ignorance he had found in the country which a radius of 20 miles of Asheville. The bishop said today that he was at a loss to know how the story originated as he had written no letter to Treasurer Meade, and had said nothing to him that could be construed to mean any such things as he is credited with saying in the dispatch.

Letter From Capt. Gilmer.

A letter dated at Honolulu November 5th, was received yesterday from Capt E. L. Gilmer, of the Thirty-first infantry. The regiment had just arrived there and expected to sail for Manila at once. Not a single man was on the sick list during the trip.

Capt. Gilmer writes home that during the stay of the 31st regiment at Honolulu the manager of the Italian opera company gave a number of the officers a box party. The box was decorated with the American and English colors. Between the acts the orchestra played patriotic airs. The next day, Saturday, a game of football was to take place between the Molle Ilimos and the Punahon Juniors. Judging from the names it must have been a hot fight.

The Hawaiins are evidently in the push when it comes to sport. It is a pleasure to Capt. Gilmer's friends to know of his good health.

The Federal Court Matter.

Mr. W. C. Boren, chairman of the board of county commissioners, tells the Telegram that the order granting the federal authorities the free use of the county court house was not rescinded, but that they simply asked the federal court people to pay the court house janitor for cleaning up the building. Uncle Sam's people wanted to use their own janitors, who are employed regularly in the government building.

This little matter should not be allowed to be the cause of a removal of the court to another town.

Every eligible Pythian should carry life insurance—no man should be without some indemnity for his family. Pythians have no excuse for leaving their families unprotected—they have what is admitted and considered by even its opponents as the best and safest of fraternal insurance, right within their own ranks. While it is not compulsory upon the membership to join, yet every Pythian should be a member of the Endowment Rank, since it furnishes indemnity at the lowest possible price, and is safe, sure and secure.

THURSDAY, NOV. 23, 1899.

AS IT IS TOLD US.

Stirring times are being had over in the Philippines. The onward march of the invincible Americans must soon bring the rebellion to a close. With the capture of Aguinaldo—a question of a few hours—the backbone of the insurrection will be broken and the Filipinos will come rushing with thanksgiving and praise to the protection of the bonnie blue flag, and all the trouble will be forever ceased, and Uncle Sam will have added to his trophies of conquest these priceless jewels of the eastern seas.

The latest dispatches state that Aguinaldo, with a number of women and a few carts, passed Arangava, in the province of Union, on Friday, November 17. General Young, with his cavalry and Macabebes, is closely in pursuit, and with only a province separating him from the fleeing insurgent chief, he must soon effect the capture of the horny-headed rebel. This race is becoming exciting.

A few days since at Booamhoobooamg a handful of Americans reconnoitering in the direction of Sambosakeebong river, at 1 o'clock in the afternoon were ambuscaded by a large force of insurgents armed with Mausers and Hotchkiss guns. A heavy engagement ensued, which continued with unabated fury till darkness put an end to the fighting. The enemy's loss was appalling. Captain Snodgrass and a party of scouts found one hundred unburied dead Filipinos. Three Americans were wounded.

It is stated that the next move of importance will be in the neighborhood of Gnabyabsooni. General Young is going to march up the hill, after which he will in all probability march down again.

A bill has passed the lower house of the Georgia legislature which prohibits the manufacture or sale or giving away of any kind of intoxicating liquor. While this bill, it is stated, will doubtless be killed in the senate—22 of the 44 members of that body being known to be against it—it reminds one to what proportions the prohibition sentiment has grown in Georgia, as well as in other states. The strong drink evil is a monster whose power centuries of onslaught will be required to overthrow, yet as the years go by the temperance people steadily grow in numbers. Some day in the dim vista of future ages must witness the effectual driving out of the demon that has been a greater curse to the human family than all its wars and pestilences combined.

It is gratifying that there is a probability of the government establishing a magnificent park in western North Carolina. The movement is taking on tangible shape.

NOTES ON "FREEDOM," A MANILA NEWSPAPER.

We have before us a copy of a newspaper published at Manila, in the Island of Luzon. It is a twelve-page daily and presents a creditable appearance. It is an "American paper," called "Freedom," and advocates "greater America." At the head of its editorial column "the rates of subscription to all parts of the world" reads as follows:

	Gold.	Mex.
Single copy	$ 0.05	$ 0.10
One month	1.00	2.00
Six months	5 50	11.00
One year	10 00	20 00

There are many interesting features in the make-up of "Freedom," one of which is the large amount of its space devoted to advertisements of beers and liquors. The fourth page has three-fourths of its space surrendered to the merits of "Jesse Moore whiskey," and "Old Government Blackberry Brandy." Half of the fifth page is consumed in recounting the virtues of the American Commercial Company's "Bourbon Whiskey" and "Ginger Brandy." On other pages there are various other smaller liquor advertisements, demonstrating that the principal stock in trade of the Manila merchants is "fire water."

The reading matter, of which there is a good deal in Freedom—about as much as is contained in an ordinary issue of the Charlotte Observer—is very readable and is made up of accounts of fighting in the interior, descriptions of the American soldiers and their manner of living in camp; communications on various subjects, funny items, advices from America, etc. In fact "Freedom" presents an appearance quite similar to the well-to-do country newspaper of the United States.

The issue we have before us is dated October 17th, and one item which caught our eye reads: "McLean imagines he is running for governor of Ohio."

The Old Home Haunts.

There's a sound that rings in my ears today,
That echoes in vague refrain,
The ripple of water o'er smooth-washed clay,
Where the wall-eyed pike and the black bass play,
That makes me yearn, in a quiet way,
For my old fly-rod again.

Back to the old home haunts again
Back where the clear lake lies;
Back through the woods
Where the blackbird broods,
Back to my rod and flies.

I'm longing to paddle the boat today
Through the water-logged grass and reeds;
Where the muskrat swims and the cat tails sway;
Where the air is cool and the mist is gray;
Where ripples dance in the same old way,
Under the tangled weeds.

Back on the old oak log again,
Back by the crystal brook;
Back to the bait,
And the silent wait,
Back to my line and hook.

I wish I could wade by the water's edge,
Where the fallen leaves drift by;
Just to see, in the shadow of the ledge,
How dark forms glide, like a woodman's wedge,
Through driftwood piles and the coarse marsh sedge,
And to hear the bittern cry.

Back where the tadpoles shift and sink,
Back where the bullfrogs sob;
Back just to float
In the leaky boat,
Back to my dripping bob.

Oh, it's just like this on each misty day,
It's always the same old pain
That struggles and pulls in the same old way
To carry me off for a little stay
By the water's edge, in sticky clay,
To fish in the falling rain.

Back to my long black rubber boots,
Back to my old patched coat;
Back to my rod
And the breath of God—
Home—and my leaky boat.

THE NEW NATIONAL PARK.

The Association Organized Yesterday in Asheville.

Asheville, N. C., Nov. 22—The Appalachian National Park Association was organized here tonight, by the election of George S. Powell, of Asheville, president, and Dr. C. P. Ambler, of Asheville, secretary. Twenty-five vice-presidents were chosen from the States of North Carolina, South Carolina, Georgia, Tennessee, Virginia, Kentucky, West Virginia and the District of Columbia.

Speeches were made before the convention by Senator Marion Butler, Congressman Crawford, ex-Congressman Pearson and others. Committees will at once be named to begin work looking to the securing of a favorable action for the establishment of a national park in the mountains of western North Carolina, by congress at its coming session There was a large and enthusiastic attendance upon the convention.

FIVE DEATHS LIE AT HIS DOOR.

The Chicago Pilot Disregarded the City of Augusta's Signal.

New York, Nov. 22—The verdict of the coroner's jury in the case of the death of five persons by drowning as a result of a collision in the North river between the Pennsylvania Railroad Company's ferryboat Chicago and the steamer city of Augusta, of the Savannah line, on the morning of October 31st last, was rendered today. It was that these persons came to their deaths "by asphyxiation by drowning, owing to the fact that William Durham, pilot of the ferryboat Chicago, disregarded a signal from the city of Augusta, and proceeded to cross the latter's bow in violation of the rules in such cases."

Captain Durham, who has been out on $10,000 bail, was allowed to continue the bail, and Captain Daggett of the City of Augusta, was discharged.

VICTIM OF FOUL PLAY.

A Dead Man Found Shot in the Back on Everett Street.

Laurinburg, N. C., Nov. 22—A dead negro was found this morning on Everett street near the railroad. Coroner Laniel Gay was notified and came down and empanelled a jury. Investigation showed the negro had been shot in the back and had been dead several hours. The jury are withholding their verdict pending the examination of a freight crew which have been summoned to appear here in the morning. It is thought probable that some of the crew have some knowledge of the murder.

Both Crews Killed in a Collision.

Garrett, Ind., Nov. 22—The heavy Baltimore and Ohio's limited passenger train, drawn by two locomotives, ran into the rear of a freight train near McCool, a small station fifty miles out of Chicago this afternoon. Both the passenger engines were ditched and their crews killed.

The freight train was a total wreck. Its conductor, Mr. Butts, and Brakeman Hamilton are missing, and it is supposed they are buried under the debris of their cabooses.

MOODY'S HEART AFFECTED.

But His Doctors Hope to See Him Slowly Recover.

East Northfield, Mass., Nov. 20—D. L. Moody's physician issued the following bulletin tonight:

"Mr. Moody has had a comfortable day. His general condition and his appetite have improved. His temperature is normal. He has slept one hour during the day.

"His trouble is a weakening of the walls of the heart, caused by overwork and a condition akin to fatty degeneration of the heart. I confidently expect steady though not rapid improvement."

Not a Surprise.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by C. E. Holton, druggist.

"How did you like that dog I sold you," asked the fancier; "good hunting dog, isn't he?" "The best I ever saw," replied the sportsman; "I took him out the other day and I've been hunting for him ever since."

Used by British Soldiers in Africa

Capt. C. G. Dennieon is well known all over Africa as commander of the forces that captured the famous rebel Galishe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial."—For sale by C. E. Holton, druggist.

Overheard in the Garden of Eden.—Adam—"Where's your mother? I'm getting tired of waiting for my supper!" Little Cain—"She went out about four hours ago, and said there was a bargain sale at the fig-leaf counter."

Bismrk's Iron Nerve

Was the result of his splendid health. Indomitable will and tremenduous energy are not found where stomach, liver and kidneys are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents a box at C. E. Holton's drug store.

Nell—"She said she would love him until death parted them" Belle—"Probably that accounts for the fact that she cut him dead the other day."

LaGrippe, with its after affects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. Howard Gardner.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by C. E. Holton, druggist.

Sunday School Teacher—"Can any little boy tell me what leavened bread is?" Tough Timothy—"I guess it must be wot dey calls a baker's dozen."

Prevented a Tragedy.

Timely information given Mrs George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1.00. Every bottle guaranteed. Trial bottles free at C. E Holton's drug store.

A good deal of noise is being made about the Mormons nowadays, and the danger that our people will run after them. We are not at all apprehensive along that line. It might be dangerous in some States, but one North Carolina woman is about as many as the most of us can manage.—Charity and Children.

J. D. Bridges, editor Democrat, Lancaster, N. H., says: "One Minute Cough Cure is the best remedy for croup I ever used." Immediately relieves and cures coughs, colds, croup, asthma, pneumonia, bronchitis, grippe and all throat and lung troubles. It prevents consumption. Howard Gardner.

Dr. H. H. Haden, Summit, Ala., says: "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. Howard Gardner.

They are noisy but they are nice. Who would exchange the merry noise of children at play, for the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Dr. Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I had been a sufferer from uterine trouble for about three years, and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Kuns, of Parsons, Luzerne Co. Pa., Box 41. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine and thought I would give it a trial. I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it felt better than I had for years. Kept improved before I had taken one-half of the bottle. After taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness since and is as bright as can be."

A woman's complexion often suffers because of poisonous accumulations in the system. Dr. Pierce's Pleasant Pellets remove these accumulations and cleanse the complexion. They regulate the stomach, liver and bowels.

A DRUNKEN BORDER ROW.

Trouble at Fort Ringold Thus Described—Quiet Reigns Now.

Austin, Texas, Nov. 22—Governor Sayers this morning received a telegram from Rio Grande City from the sheriff stating that all was quiet there today between the citizens and negro soldiers, and no further trouble is expected. The governor also received the following telegram from Washington:

"Washington, Nov. 21st.

"Hon. Joseph D. Sayers, governor, Austin, Texas:

"Your dispatch of 21st is received. Commanding officer of the department has already sent Lieutenant Colonel Roberts, an experienced and judicious officer to Fort Ringold, and Captain Day from Fort Brown with a force to replace present force. I have no ineligible information of the cause of the trouble, but every effort will be made by United States officers to prevent its continuance. I suggest that you inform citizens of this and counsel moderation. Officer now in command there has been forbidden to fire a shot unless it is absolutely necessary in self-defence.

(Signed) "Elihu Root,
"Secretary of War."

THINK IT EXAGGERATED.

Washington, Nov. 22—At the war department it is stated that the information received from the department of Texas is to the effect that the trouble at Fort Ringold is nothing more than a drunken border row, and the belief is expressed that it has has been exaggerated as to its proportions. It is not now the intention of the war department to remove the troops from Fort Ringold, as it is believed that the difficulties can be corrected without any such action.

Mayor Price, of Macon, Dead.

Macon, Ga., Nov. 22—Mayor S. B. Price, of Macon, died this afternoon of intus-susception, complicated with peritonitis. An operation was performed early this morning at the Macon Hospital.

Mr. Price was one of the most widely known public men in the State. He served with distinction in the Confederate army. His connection with the city government dates back to 1876, and he was elected mayor in 1884, which position he has occupied continuously with the exception of two years, '94-5, when he was legislated out of office. Those years he served as postmaster of Macon under the administration of President Cleveland.

A Union Veteran Killed by a Train.

Eustis, Fla., Nov. 21—John E. Wheelock, of Grand Island, was run over and instantly killed by a railroad train here this morning. He was walking on the track and being deaf, failed to hear the caution signal of the engineer.

Mr. Wheelock was an old Union veteran. Some years ago he went to Ecuador and was imprisoned on a trumped-up charge, but through the intercession of the state department at Washington, was finally released. He received a large indemnity from the republic of Ecuador.

Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best satisfaction. She has used only one bottle and her shoulder is almost well.—Adolph L. PROHIBITION IN GEORGIA.

Willingham Bill Passes the House, But May be Defeated in Senate.

Atlanta, Nov. 22—The Willingham bill, providing for prohibition in Georgia, was passed by the lower house of the general assembly today. The vote stood: Ayes 93; nays 65. The measure received a majority of 5 votes, 88 being the two-thirds vote. Although the bill has passed this stage, it is not assured that it will become a law.

It is known that of the 44 members constituting the state senate, 22 oppose the measure, and this means its defeat. However, the friends of the bill hope by amendments to secure its passage through the upper house, although those opposed to the measure claim that these changes in its wording will virtually nullify it. Governor Candler has not committed himself in regard to the bill.

Great pressure was brought to bear from every section of the state in behalf of and against the bill, and its passage is considered a signal victory for the advocates of prohibition.

The bill prohibits the manufacture, sale, keeping for sale, the giving away or furnishing to induce trade, or for any other valuable consideration, except physicians furnishing patients under treatment by them, or the furnishing at any public place of intoxicating liquors, fermented or distilled. All saloons will be closed, breweries shut down and no club or other private organization will be permitted to keep beverages for members. It will not, however, interfere with banquets or private entertainments.

A man sometimes makes a very pointed remark in an exceedingly blunt manner.

"Marriage," says the confirmed bachelor "is a grindstone for sharpening wits, and Cupid turns the crank."

The Poet Burns.

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

GRADUALLY IMPROVING.

The Condition of the Sick at the Normal Much Better Today.

The report from the State Normal and Industrial College this afternoon is that there is a general improvement in the condition of the thirty-five patients.

Several of the young ladies are convalescing, though three or four are yet quite sick They are receiving every possible care and attention, and relatives or friends are with most of the girls

Additional physicians have been called in to attend the sick, and three trained [illegible] from Richmond by Dr Hodges Nurses from Winston are also in attendance upon the sick, and several ladies from this city are devoting them the care of the patients.

Late yesterday evening Dr. McIver sent the following telegram to O. A. W. Shaffer, member of the investigating committee from the state board of health: "There is conclusive proof this afternoon that the meat house is in no way connected with the sewer system. Its outlet is in the garden back of the main dormitory."

This explodes the theory of Colonel Shaffer that the drain pipe from the meat house connected with the sewer and that the gases which arose from the sewer through this pipe impregnated the meat. Dr. Dodson, the other member of the committee, stated to a Telegram reporter, in an interview Tuesday night, that there was no doubt in his mind but that the sickness was caused by the leakage in the sewer underneath the dining room, and this defect in sewer will now undoubtedly be reported to the state board of health as being ample cause to account for the presence of fever.

DIRECTORS TO MEET.

President McIver yesterday sent the following telegram to Supt. Chas. H. Mebane, at Raleigh: "Call a meeting of the board by wire for next Monday night, 27th. I will have a sanitary engineer here on Tuesday." Mr. Mebane at once complied, telegraphing each of the directors, as requested.

Prof. J. L. Ludlow, civil engineer, who had charge of the surveying for the sewerage system at the Normal several years ago, arrived today, and will make a report to the meeting of the directors next Monday.

Notice is hereby given to the members of Greensboro Lodge No. 80 Knights of Pythias, that an amendment to the by-laws has been offered and same will be acted upon Monday evening, Nov. 27th. It is important that every member be present.

Assaulted With Rock.

An old negro named Tom Murphy, created some excitement yesterday evening about 5:30 in the neighborhood of the depot. Another negro, who Tom claims owed him some money, was driving down the street and Tom began a throwing rocks at him. It is needless to say that when Tom charged upon his debtor he retreated at a lively gait. Officer Jordan ordered the bombardment to cease and requested Tom to pay Mayor Taylor a visit this evening.
